

Product Case History

PROJECT DESCRIPTION:

Qualcomm Stadium, the home of the San Diego Chargers required a coating which could withstand the heavy traffic abuse from millions of patrons, rubber wheeled traffic, UV exposure, and daily cleaning.

COATING SELECTION EXPLANATION:

One coat of Sanitile 937 @ 4-5 mils was applied to an existing, tightly adhered coating after the substrate was lightly abraded to a dull finish.

Qualcomm Stadium with Sanitile 937 RTS
