

Safety Data Sheet

<sup>®</sup> Prepared in Accordance with HCS 29 C.F.R. 1910.1200

# 1. Identification of the Substance/Mixture and the Company/Undertaking

1.1	Product Identifier	190SB1NL	Revision Date:	12/05/2022	
	Product Name:	AMERICAN EX CATALYST PART B	Supercedes Date:	10/18/2018	
1.2	Relevant identified uses of the substance or mixture and uses advised against	Component of multicomponent industrial coatings - Industrial use.			
1.3	Details of the supplier of the safety	data sheet			
	Manufacturer:	Carboline Global Inc. 2150 Schuetz Road St. Louis, MO USA 63146 Regulatory / Technical Information:			
		Contact Carboline Technical Services at 1-800-848-4645	t		
	Datasheet Produced by:	Schlereth, Ken - regulatory@carboline.com			
1.4	Emergency telephone number:	CHEMTREC 1-800-424-9300 (Inside US) CHEMTREC +1 703 5273887 (Outside US) HEALTH - Pittsburgh Poison Control 1-412-681-6669			

# 2. Hazard Identification

### 2.1 Classification of the substance or mixture

Acute Toxicity, Dermal, category 4 Acute Toxicity, Inhalation, category 4 Hazardous to the aquatic environment, Chronic, category 2 Carcinogenicity, category 2 Serious Eye Damage, category 1 Flammable Liquid, category 3 STOT, repeated exposure, category 2 STOT, single exposure, category 2 Skin Irritation, category 2 Skin Sensitizer, category 1

# 2.2 Label elements

# Symbol(s) of Product

Danger

#### Named Chemicals on Label

ORTHO-XYLENE, ETHYL BENZENE, PARA-XYLENE, META-XYLENE, TRIETHYLENETETRAMINE, POLYAMIDE

#### HAZARD STATEMENTS

Acute Toxicity, Dermal, category 4       H312       Harmful in contact with skin.         Skin Initiation, category 2       H315       Causes skin irritation.         Skin Sensitizer, category 1       H316       Causes skin irritation.         Serious Eye Damage, category 1       H318       Causes serious eye damage.         Acute Toxicity, Inhalation, category 4       H332       Harmful if inhaled.         Carcinogenicity, category 2       H351       Suspected of causing cancer.         STOT, repeated exposure, category 2       H371       May cause damage to organs.         STOT, repeated exposure, category 2       H373       May cause damage to organs through prolonged or repeated exposure.         Hazardous to the aquatic environment, Chronic, category 2       H411       Toxic to aquatic life with long lasting effects.         PRECAUTION PHRASES       P210       Keep away from heat/sparks/open flames/hot surfaces No smoking.         P260       Do not breathe dust/fume/gas/mist/vapours/spray.         P264       Wash hands thoroughly after handling.         P273       Avoid release to the environment.         P284       Wear repricatory protection.         P301+310       IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.         P304+340       IF INHALED: Remove voitint of fresh air and keep at rest in a position comforable for breating.     <	Flammable Liquid, category 3	H226	Flammable liquid and vapour.
Skin Irritation, category 2       H315       Causes skin irritation.         Skin Sensitizer, category 1       H317       May cause an allergic skin reaction.         Serious Eye Damage, category 1       H318       Causes serious eye damage.         Acute Toxicity, Inhalation, category 4       H332       Harmful if inhaled.         Carcinogenicity, category 2       H311       May cause damage to organs.         STOT, repeated exposure, category 2       H373       May cause damage to organs through prolonged or repeated exposure.         Hazardous to the aquatic environment, Chronic, category 2       H311       Toxic to aquatic life with long lasting effects.         PRECAUTION PHRASES       P210       Keep away from heat/sparks/open flames/hot surfaces No smoking.         P260       Do not breathe dust/fume/gas/mist/vapours/spray.         P264       Wash hands thoroughly after handling.         P273       Avoid release to the environment.         P280       Wear respiratory protection.         P281       IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.         P302+352       IF ON SKIN: Wash with plenty of soap and water.         P304+340       IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.         P304+313       IF exposed or doctor/physician.         P314       Get medical advice		H312	Harmful in contact with skin.
Skin Sensitizer, category 1H317May cause an allergic skin reaction.Serious Eye Damage, category 1H318Causes serious eye damage.Acute Toxicity, Inhalation, category 2H332Harmful if inhaled.Carcinogenicity, category 2H371May cause damage to organs.STOT, repeated exposure, category 2H373May cause damage to organs through prolonged or repeated exposure.Hazardous to the aquatic environment. Chronic, category 2H411Toxic to aquatic life with long lasting effects.PRECAUTION PHRASESP210Keep away from heat/sparks/open flames/hot surfaces No smoking.P260Do not breathe dust/fume/gas/mist/vapours/spray.P264Wash hands throughly after handling.P273Avoid release to the environment.P284Wear reprietory.P284Wear reprietory.P302+352IF ON SKIN: Wash with plenty of soap and water.P302+352IF ON SKIN: Wash with plenty of soap and water.P308+313IF NYALLO: Remove victim to fresh air and keep at rest in a position controltable for breathing.P308+313IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician.P308+313IF exposed or if you feel unwell.P314Get medical advice/attentionP308+313IF exposed or if you feel unwell.P314Get medical advice/attention.P325Wash with plenty of soap and water.P308+313IF exposed or if you feel unwell.P314Get medical advice/attentionP308+313IF exposed or if you feel unwell. </td <td></td> <td>H315</td> <td>Causes skin irritation.</td>		H315	Causes skin irritation.
Serious Eye Damage, category 1       H318       Causes serious eye damage.         Acute Toxicity, Inhalation, category 4       H32       Harmful if inhaled.         Carcinogenicity, category 2       H371       May cause damage to organs. Additional Information:

The text for GHS Hazard Statements shown above (if any) is given in Section 16.

# 4. First-aid Measures

#### 4.1 Description of First Aid Measures

AFTER INHALATION: Give oxygen or artificial respiration if needed. Remove person to fresh air. If signs/symptoms continue, get medical attention.

**AFTER SKIN CONTACT:** In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. If skin irritation persists, call a physician. **AFTER EYE CONTACT:** Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

**AFTER INGESTION:** Do NOT induce vomiting. Never give anything by mouth to an unconscious person. If swallowed, call a poison control centre or doctor immediately.

#### 4.2 Most important symptoms and effects, both acute and delayed

Harmful if swallowed. Irritating to eyes and skin. Risk of serious damage to the lungs (by aspiration). Vapours may cause drowsiness and dizziness.

#### 4.3 Indication of any immediate medical attention and special treatment needed

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

When symptoms persist or in all cases of doubt seek medical advice.

### 5. Fire-fighting Measures

#### 5.1 Extinguishing Media:

Carbon Dioxide, Dry Chemical, Foam

**UNUSUAL FIRE AND EXPLOSION HAZARDS:** Flammable liquid. Vapours are heavier than air and may spread along floors. Vapours may form explosive mixtures with air. Vapors may travel to areas away from work site before igniting/flashing back to vapor source. Provide adequate ventilation. Prevent the creation of flammable or explosive concentrations of vapour in air and avoid vapour concentration higher than the occupational exposure limits. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Electrical installations / working materials must comply with the technological safety standards. Wear shoes with conductive soles.

#### FOR SAFETY REASONS NOT TO BE USED: No Information

### 5.2 Special hazards arising from the substance or mixture

No Information

#### 5.3 Advice for firefighters

SPECIAL FIREFIGHTING PROCEDURES: In the event of fire, wear self-contained breathing apparatus. Cool containers / tanks with water spray. Flammable.

SPECIAL FIREFIGHTING PROTECTION EQUIPMENT: No Information

# 6. Accidental Release Measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Wear self-contained breathing apparatus and protective suit. Wear suitable gloves and eye/face protection. Ensure adequate ventilation. Evacuate personnel to safe areas. Remove all sources of ignition. To avoid ignition of vapours by static electricity discharge, all metal parts of the equipment must be grounded. Wear personal protective equipment. For personal protection see section 8.

#### 6.2 Environmental precautions

Do not allow material to contaminate ground water system. Prevent product from entering drains.

#### 6.3 Methods and material for containment and cleaning up

Prevent further leakage or spillage if safe to do so. Contain spillage, soak up with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and transfer to a container for disposal according to local / national regulations (see section 13).

#### 6.4 Reference to other sections

No Information

### 7. Handling and Storage

#### 7.1 Precautions for safe handling

**INSTRUCTIONS FOR SAFE HANDLING :** Keep containers dry and tightly closed to avoid moisture absorption and contamination. Prepare the working solution as given on the label(s) and/or the user instructions. Do not breathe vapours or spray mist. Ensure all equipment is electrically grounded before beginning transfer operations. Do not use sparking tools. Do not get in eyes, on skin, or on clothing. Use only with adequate ventilation/personal protection. Wash thoroughly after handling.

**PROTECTION AND HYGIENE MEASURES :** Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. When using, do not eat, drink or smoke.

#### 7.2 Conditions for safe storage, including any incompatibilities

#### CONDITIONS TO AVOID: Heat, flames and sparks.

**STORAGE CONDITIONS:** Keep container closed when not in use. Store in a dry, well ventilated place away from sources of heat, ignition and direct sunlight.

#### 7.3 Specific end use(s)

No specific advice for end use available.

# 8. Exposure Controls/Personal Protection

**FURTHER ADVICE:** Refer to the regulatory exposure limits for the workforce enforced in each country. Some components may not have been classified under the EU CLP Regulation.

#### 8.2 Exposure controls

#### Personal Protection

**RESPIRATORY PROTECTION:** In order to avoid inhalation of spray-mist and sanding dust, all spraying and sanding must be done wearing adequate respirator. Use only with ventilation to keep levels below exposure guidelines reported in this document. User should test and monitor exposure levels to ensure all personnel are below guidelines. If not sure, or not able to monitor, use State or federally approved supplied air respirator. For silica containing coatings in a liquid state, and/or if no exposure limits are established above, air-supplied respirators are generally not required.

**EYE PROTECTION:** Safety glasses with side-shields.

HAND PROTECTION: Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough. Impervious gloves. Request information on glove permeation properties from the glove supplier. Lightweight protective clothing

**OTHER PROTECTIVE EQUIPMENT:** Ensure that eyewash stations and safety showers are close to the workstation location. **ENGINEERING CONTROLS:** Avoid contact with skin, eyes and clothing. Ensure adequate ventilation, especially in confined areas.

# 9. Physical and Chemical Properties

# 9.1 Information on basic physical and chemical properties

Appearance:	Viscous Amber/Clear Liquid
Physical State	Liquid
Odor	Aromatic
Odor threshold	Not Determined
pH	Not Determined
Melting point / freezing point (°C)	Not Determined
Boiling point/range (°C)	176 F (80 C) - 531 F (277 C)
Flash Point (°C)	79F (26C)
Evaporation rate	Slower Than Ether
Flammability (solid, gas)	N/D
Upper/lower flammability or explosive limits	1.0 - 7.1
Vapour Pressure, mmHg	Not Determined
Vapour density	Heavier than Air
Relative density	N/D
Solubility in / Miscibility with water	Not Determined
Partition coefficient: n-octanol/water	N/D
Auto-ignition temperature (°C)	N/D
Decomposition temperature (°C)	N/D
Viscosity	No Information
Explosive properties	N/D
Oxidising properties	N/D
Other information	
VOC Content g/I:	Refer to Part A SDS.
Specific Gravity (g/cm3)	0.91

# 10. Stability and Reactivity

#### 10.1 Reactivity

9.2

No reactivity hazards known under normal storage and use conditions.

#### 10.2 Chemical stability

Stable under normal conditions.

#### **10.3 Possibility of hazardous reactions** Hazardous polymerisation does not occur.

#### **10.4 Conditions to avoid** Heat, flames and sparks.

# 10.5 Incompatible materials

Strong oxidizing agents.

### 10.6 Hazardous decomposition products

Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), dense black smoke.

# 11. Toxicological Information

# 15. Regulatory Information

<sup>15.1</sup> Safety, health and environmental regulations/legislation for the substance or mixture:

# U.S. Federal Regulations: As follows -

#### **CERCLA - Sara Hazard Category**

This product has been reviewed according to the EPA 'Hazard Categories' promulgated under Sections 311 and 312 of the Superfund Amendment and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to meet the following categories:

Flammable (gases, aerosols, liquids, or solids), Carcinogenicity, Acute Toxicity (any route of exposure), Skin Corrosion or Irritation, Respiratory or Skin Sensitization, Serious eye damage or eye irritation, Specific target organ toxicity (single or repeated exposure)

#### Sara Section 313:

This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendment and Reauthorization Act of 1986 and 40 CFR part 372:

<u>Chemical Name</u>	CAS-No.	<u>%</u>
META-XYLENE	108-38-3	25.53
PARA-XYLENE	106-42-3	11.1
ETHYL BENZENE	100-41-4	10.55
ORTHO-XYLENE	95-47-6	8.05
TOLUENE	108-88-3	0.27

#### Toxic Substances Control Act:

All components of this product are either listed on the TSCA Inventory or are exempt.

This product contains the following chemical substances subject to the reporting requirements of TSCA 12(B) if exported from the United States:

No TSCA 12(b) components exist in this product.

### U.S. State Regulations: As follows -

#### New Jersey Right-to-Know:

The following materials are non-hazardous, but are among the top five components in this product.

No NJ Right-To-Know components exist in this product.

#### Pennsylvania Right-To-Know

The following non-hazardous ingredients are present in the product at greater than 3%.

No PA Right-To-Know components exist in this product. CALIFORNIA PROPOSITION 65

WARNING: Cancer and Reproductive Harm -- www.P65Warnings.ca.gov

# International Regulations: As follows -

#### \* Canadian DSL:

All chemical ingredients included on inventory (DSL)

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

# 16. Other Information

#### Text for GHS Hazard Statements shown in Section 3 describing each ingredient:

i on the initial of t	
H225	Highly flammable liquid and vapour.
H302	Harmful if swallowed.
H304	May be fatal if swallowed and enters airways.
H312	Harmful in contact with skin.
H314	Causes severe skin burns and eye damage.
H315	Causes skin irritation.
H317	May cause an allergic skin reaction.
H318	Causes serious eye damage.
H319	Causes serious eye irritation.
H332	Harmful if inhaled.
H335	May cause respiratory irritation.
H336	May cause drowsiness or dizziness.
H351	Suspected of causing cancer.
H361	Suspected of damaging fertility or the unborn child.
H370	Causes damage to organs.
H371	May cause damage to organs.
H373	May cause damage to organs through prolonged or repeated exposure.
H411	Toxic to aquatic life with long lasting effects.
H412	Harmful to aquatic life with long lasting effects.

### **Reasons for revision**

No Information

The information contained herein is, to the best of our knowledge and belief accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by use of this material. It is the responsibility of the user to comply with all applicable federal, state, and local laws and regulations.
